

FOR IMMEDIATE RELEASE:

Apex® HCM Earns Fifth Consecutive Inc. 5000 Award

Roswell, GA. (October 16, 2018) – Apex HCM is pleased to announce it has been named to the Inc. 5000 list of the fastest growing companies in America for the fifth consecutive year. Less than 10% of Inc. 5000 honorees make this exclusive list five times and only 2% earn five consecutive awards. Robert Digby, CEO, Apex HCM, commented, “Our growth directly reflects the growth of our customers, over 325 payroll service bureaus nationwide.” Digby continued, “At Apex we are proud to be helping our customers leverage technology and market trends to drive their business success. As we continue to grow and receive recognition such as Inc. 5000, our focus remains primarily on our existing customers and helping them reach their business goals.”

Marty Hamby, President Apex HCM, added “being named to the Inc. 5000 for the fifth consecutive year is an incredible achievement and illustrates the trust our customers continue to place in our innovative approach. To sustain our growth trajectory for this long is a testament to the entire Apex HCM team and the work we are doing to deliver solutions to meet our customers’ needs.”

Greg Javins, VP Operations at Apex HCM and a payroll veteran remarked on this growing trend within the industry; the evolving of the traditional payroll processing service bureau into a payroll + HR services agency. “Today we are seeing our clients aggressively offering more HCM services and no longer relying on just payroll processing to drive their business growth. Research by Transparency Market Research forecasts a compounded annual growth rate of 9.6% 2018 through 2026 for adoption of cloud-based Payroll + HR solutions and services.

The payroll service bureau industry and payroll software industry are both rapidly changing. The Inc. 5000 honor indicates Apex HCM’s ability to remain at the forefront of a changing industry and simultaneously help their customers leverage the changes to fuel business growth.
